## ancestor stones

The Ancestor Stones are actually representations of generations of women who come before, but the stones seem to offer a metaphor for the unique qualities of the women in the story. All these women grow up in the same compound with the same father, but each one had a very different experience. Wed, 07 Nov 2018 13:51:00 GMT  
Ancestor Stones (Audiobook) by Aminatta Forna | Audible.com - A stone from this time might have the deceased's initials and death year carved on it. From about the 1660s to 1850s, headstones consisted of sedimentary rock, such as red or brown sandstone or limestone, and dark slate.
